- 1.1 The Principal has delegated power to set and vary fees of John Paul College.

2. Setting School Fees, Levies and Ad Hoc Charges

- 2.2 John Paul College sets and varies fees, levies and ad hoc charges according to criteria that represent a thorough and transparent assessment of the internal and external factors influencing costs and the families' ability to pay.
- 2.3 Full Fee Paying Overseas Students (FFPOS) are not funded by Australian or State recurrent grant funding. FFPOS student fees should set at local student fees, plus Australian and State government funding amounts and other overhead cost relating to FFPOS.

Charges will include school fees, charter bus, other third party institution fees (such as VET / TAFE fees, VET Bus, material charges) and any other ad hoc charges. Please note, should there be delay in cost information being provided to the College from any third party service provider, it will be invoiced to families once available.

- 3.3 John Paul College will make every effort to help families understand their obligation to pay fees and levies.
- 3.4 John Paul College will discuss payment of school fees and levies, and establish a payment method with families at the time of student enrolment.
- 3.5 The preferred method of payment is direct debit, established as part of student enrolment prior to commencing at the school.
- 3.6 Recovery of unpaid fees, particularly if recovery involves legal action, will be approached humanely and sensitively to protect the student as much as possible from the public embarrassment that could arise.
- 3.7 All collection approaches to families will be based on appropriate pastoral procedures.
- 3.8 A judgment by the Principal as to whether families are unable to pay because of their financial situation will err on the side of leniency.
